To the Public.

THE SENTINEL, having double the circulation IN THE CITY, and more than treble OUT OF IT, of any other paper here, renders it far the cheapest and most desirable medium in Milwaukee for all classes of Advertisements.

EVERY BUSINESS MAN who consults his own interest, will avail himself of the columns of THE DAILY SENTINEL,—especially when he can do so at the same prices charged by other papers, and secure more than double the advantage of circulation.

This is no boast, but EVERY WORD TRUE.

A Quiet Campaign.

The N. Y. *World* predicts that the coming Presidential Campaign will be a quiet affair. It says: "In spite of all the efforts of the file-leaders, it is very evident that the rank and file are not going to be wrought up to any such pitch of excitement as was exhibited in 1856. There will be no such tremendous marshalling as then—here and there only a pitch battle, and these on an inferior scale. The warfare will be mainly *guerilla,* and but few, comparatively, will engage in it." The *World* draws its prophetic wisdom from the fact that the Democratic Party "is gone up."

It is a fatal breach. The old discipline, which wrought such wonders, is at an end. The "unterrified" spirit has vanished. Divided they march to ruin, and they know it. Each takes his own track, and a sad road it is—joyless, hopeless, inglorious. A party in this plight is no longer in a campaigning condition; it is almost literally *hors du combat.* It may skirmish in flying detachments, but as for making any grand stand, it is utterly out of the question. This of itself settles the matter. There can be no great fight without great force—no great campaign without something formidable to overcome. The Republicans of the North have nothing to do but walk leisurely along and take quiet possession. They have no stimulus to excitement. Men do not strain their nerves needlessly.

There is a good reason to fear that many Republicans, sure of victory, will rest on their arms. The Republicans *have* something else to do besides "walking leisurely along." Although their opponents are divided and weakened by intestinal feuds, let no live Republican throw down his staff and wait for victory. It is ours only, if we attain it. We have before spoken of the danger of allowing this impression to gain ground, and, however weak the opposition, it will be destruction to rely on the course of events or the discomfiture of our foes for the consummation that will only attend vigilence and labor.

THE "NEWS" seems very much troubled in regard to the *looks* of the Republican candidate. The homeliness of "Old Abe's" physiognomy is a great point with this sheet. We are not aware that it was ever claimed that Mr. LINCOLN was conspicuous for the classical outline of his features—but to simmer the thing down to matter of fact, it cannot be denied that the "bull dog rascality," (as the Rochester *Democrat* calls it,) of the "Little Giant," is wanting in the face of the Republican candidate. If the portraits of the two men were placed before a child, or a virtuous woman, it is not difficult to say which one would be turned away from in trepidation. The Republicans have not been ashamed to place their candidate's face before the public—can we say as much for our Democratic friends? It would be well for them to nominate an intellectual looking man, if not a handsome man, before they find fault with the face of the people's candidate.

ASSURANCE BY A MAN OF FASHION PUNISHED BY A PICKPOCKET.—During the severe shower on Wednesday, a man was walking down Broadway, New York, sheltering himself under a large family umbrella, when a young man, well known in some fashionable circles, thought to improve the opportunity. He hurriedly accosted the stranger, inquiring for his health, family &c., and proceeded to narrate an adventure of his. By the time he had concluded the story he had arrived at his place of destination, when bidding him good day, he left the owner of the umbrella to conjecture who had presumed upon his acquaintance. The young man was congratulating himself upon having escaped a wetting by his address when he found his watch missing. He speedily looked up a police detective, and learned, upon describing the man upon whom he had been practicing his assurance, that he was a well known pickpocket, whose portrait had graced the Rogue's Gallery for two years.

A SCENE of an unusual description occurred in the Court of Queen's Bench the week before last in Quebec. Upon the meeting, an oil painting of Pius IX., in a large gold frame was observed in the most conspicuous place in the Court Hall, and within a few feet of the judges. While one of the members of the bar was addressing the Court—then composed of three French and Roman Catholic Judges, and but one Judge of old country extraction and a Protestant, the whole of the proceedings of the Court were abruptly interrupted by the latter, who said: "By what authority has that picture been placed here?" Receiving no answer, he repeated the interrogatory in energetic language, and receiving no answer again, he said he would not sit there so long as the picture remained in the place. He accordingly left the Bench, and there being no quorum, the whole business of the Court was stopped for the day. It appears that the picture was introduced into the court-house with the permission of the three French Canadian Judges.

THE WAY THE BRECKINRIDGE MEN ARE QUENCHED.—At Lyons (Ohio) on Monday last, the BRECKINRIDGE people got up a demonstration, and in the midst of their performance, the Douglasites made an assault upon them, destroyed their banners, and "cleaned them out," according to the approved rules of "popular sovereignty."

BENSON J. LOSSING, the artist and author—whose genius was so conspicuous in the "Field Book of the Revolution," is now contributing a series of illustrated papers to that first class work of art, the *London Art Journal.* Mr. LOSSING is a fit representative of American skill and genius.

PERSONAL.—The distinguished lecturer PETER SINCLAIR, of Edinburgh, was expected in Madison yesterday, to address the young people in the Assembly Chamber.

MURDER.—Two Norwegians got into some difficulty while engaged in card playing at a house in the town of Moscow in this county, on Saturday night last. One followed the other to his home, and hung around his house all night and in coming out stabbed the defenseless man in the thigh, inflicting a wound from which he bled to death in a few minutes. The murderer has been arrested, and is now lodged in the county jail in this city.—*Mineral Pt. Intelligencer.*

The Baltimore Nominations—Opinions of the Press.

From the New York Times, 25th ult.

The proceedings at Baltimore—the factious character of both Conventions, the recklessness of principle and the selfish devotion to men, which marked their action, have demoralized the party and disgusted the country. There will be at the outset some little enthusiasm at the nomination of Douglas, but it will not be backed up by any earnest conviction of his superior qualifications for the place, or any confident expectation of his success in reaching it. The action at Baltimore has very greatly increased the chances of Lincoln's election, by convincing the country that the Republican party, while it it is no more sectional, is much more compact, and better able to assume the responsibilities of administering the Government than any other.

From the Baltimore American, 25th.

The distinguishing characteristic of the two nominations is that each is strong as against the other. As against Mr. Douglas in the North, Mr. Breckinridge can only hopelessly divide the Democratic party.—Whilst in the South, with Mr. Breckinridge formally and authoratively nominated by a majority of delegates from the Southern States, it may be taken for granted that Mr. Douglas cannot receive from that section of the country a single electoral vote. If, therefore, the battle is fought out upon the programme indicated by the present position of the contending forces, the election of the Republican candidate is a foreordained certainty; to be avoided by the determination of the conservative masses of the Democratic party to allow their leaders to fight out the battle in which they have engaged, whilst the people unite in a grand national effort to elect Bell and Everett.

From the Louisville Journal.

It was immensely funny on Saturday night to mark the rejoicings of the Douglas Democrats over the nomination of Douglas and Fitzpatrick, and the rejoicings of the Anti-Douglas Democrats over the nomination of Breckinridge and Lane. The two factions, both knowing that they had no chance in the world, tried which should kindle the biggest bonfires, which should utter the noisiest shouts, and which should shoot the noisiest cannon. They reminded us of two bantam cocks trying to outcrow each other in the barnyard, or two rival dinner bells trying to outring each other at an eating station upon a railroad.

From the New Orleans Delta, 24th inst.

Our full telegraphic despatches bring us the glorious tidings that Breckinridge has been nominated by *the* National Democratic Convention at Baltimore, for President, and Lane for Vice President. There is no fail in this ticket. It is one that will be endorsed by every true-hearted Southerner, as well as by every patriot in the land. These nominations are a death blow to Douglas and to his squatter sovereignty doctrine. They were made by a convention composed of a large majority of all the States, and so far as we are now informed, of a majority of all the delegates. Those left in the Rump Convention represent States that will, in nearly every instance, give their votes for the Black Republicans, and can well be spared.

Writing, as our paper is going to press, we have only time to congratulate the people on the nomination, and to heartily endorse Breckinridge and Lane.

From the New York Herald, 24.

The shortest way to a rational conclusion is from the assumption that, under the circumstances, the elements of opposition to the Republicans will be frittered away. Lincoln will thus be our next President by a majority of the electoral votes.

We have no regrets, meantime, to express over the broken down Democracy. We congratulate the American people that this corrupt and demoralized party of juggling and swindling spoilsmen, with political vagabonds and vagrants as its managers, has at last been broken to pieces from their quarrels over the spoils.

From the N. Y. Evening Post.

The Democratic party, once so powerful and respectable; once so strongly intrenched in the popular favor, is now broken in fragments. It deserves its fate, for it has become degenerate, has denied the principles which once made its strength, has renounced all that was good and noble in its purposes, and to be weak, and despised and the prey of intestinal discords, is the proper conclusion of a career which has become so disgraceful.

From the St. Louis Bulletin, Dem.,

We hail the nomination of Breckinridge and Lane with enthusiastic delight. Nobly, gloriously, worthy of the Democratic party, has the Convention done its work, and fulfilled its patriotic mission. True to the party, true to the Constitution, true to the Union, true to the great principles of Democracy, it has inscribed upon the banners, in terms as clear as the light, a declaration of those doctrines which are dear to every Democrat who loves the Union and Constitution more than the fortunes of any man.—We enter upon this canvass with no doubtful words inscribed on our banners, with no ambitious and traitorous leaders at our head, but in the support of principles and under the lead of men, for which and under whom we can and will fight earnestly, and victoriously.

ARCHBISHOP HUGHES recently preached the graduation sermon before the Senior Class of Chapel Hill College, in North Carolina. The North Carolina *Presbyterian* says of the discourse:

"Had a blind man, ignorant of Dr. Hughes' character and office, heard the sermon he preached to our Seniors last Tuesday night, he could not have suspected the faith of the preacher. Its Armenianism might have warned him that he was not listening to an Old School Presbyterian. One saw in the preacher an elderly man in infirm health, of bowed form, yet striking appearance. He wore a tight fitting cassock, that looked like a frock of some grandmother whose calico was scarce and whose hoops were few, ornamented with a row of red buttons down the front and down the sleeves, and surmounted by a Doctor's cape. On his breast there lay a carved cross of gold suspended by a heavy gold chain, and on his finger appeared the Archiepiscopal ring (said to be a present from the Pope, and to have cost the faithful $150,000,) which flashed strange lights into the wondering eyes of poor Protestants."

VERY LIKE HANGING!—After the vote had been taken at Baltimore, to make the nomination of Douglas unanimous, Dave Todd, of Ohio, who occupied the Chair, is reported to have declared the result in the following language:

"With heartfelt satisfaction, as presiding officer of this Convention, I declare Stephen A. Douglas, by unanimous vote, the candidate of the Democratic Party of the Union, for President of these United States, *and may God, in His infinite mercy,* protect him and the Union he represents!"

This sound fearfully like the language addressed to criminals at the close of a sentence of death, and the circumstances under which it was used udoubtedly suggested the form of it.—*Madison Journal.*

ONE OF OUR fun-loving citizens made a contract with a greenhorn to catch lightning bugs. He said he wanted to take the light out of them and put it into a lighthouse on the Florida Reefs. The fellow, according to instructions, got a quart pan, and during one night partially filled it with the bugs aforesaid, around Third Lake Bay in Greenbush. Next morning he called on his employer for pay, and the joke of the matter is, he got it, for he had made the contract in presence of witnesses. Who got sold the worst? That's the question.—*Madison Journal.*

BLONDIN BOUND TO KILL HIMSELF.—The Niagara *Herald* says the rumor prevails that BLONDIN seriously contemplates diving from the centre of his cable in a life boat made for the special purpose, into the roaring flood tides and foam-wreathed rapids of the river below! He is to undertake this dangerous experiment, not only from a desire to demonstrate whether such a thing as navigating the rapids is possible, but from the mere love of unheard of adventure.

MAYOR WOOD has come over to the nominee of his ancient enemies. There will be a great clearing made in this wood by the Rail Splitters yet.

ON the evening of the 27th, there were seven fires in New York city in seven hours. What city can beat that?

"I presume you won't charge anything for just remembering me," said a one-legged sailor to a wooden leg manufacturer.

A CAT having lost her kitten followed a mutton-pie man.

FOR COLLINGWOOD.

The Collingwood Line of screw steamers leave semi-weekly from Dousman's dock, foot of East Water Street, connecting at Collingwood with the Northern Railway of Canada, for the East.

FOR GREEN BAY.

The screw steamer *Wabash Valley* makes weekly trips to the above port starting from Olmsted's dock.

Fourth of July.

The Committee of Arrangements for the Fourth of July will meet at 8 o'clock *this* (Monday) evening at the office of Mr. S. S. DAGGETT, in MARTIN'S Block. The full and punctual attendance of all the Members is particularly requested.

MERMAIDS AND SEA LIONS.—Fill your bathing tubs with potatoes. Get together at night, males and females, duly prepared with garments, and when the moon and comet are in conjunction, and all the rough fellows have left the Lake Shore, go down and enjoy a *frolic* in the water.

Bathing parties are sensible affairs. The ladies may "squeal" when a ripple breaks over them, and the gentlemen go to shocking lengths and depths, but everything turns up right—no one is drowned, you all come out rosy—all over—looking—if any one could see you—just like the inside of a sea shell, (especially if you should tumble over a boulder or grate yourself against a pile.)

Bathing parties are the most delightful things immaginable. A man or woman with an æsthetic taste cannot help enjoying them, when there are no snags, &c.

The dear creatures in bathing dresses—what outlines! what Niobes! with the tears trickling off their noses and chins and their dark curls. The gentlemen too. How proudly they fling themselves, like sea lions, into the water where they know it is at least two *feet* deep. How like Hero and Leander this pair go on, and how confidently that brave fellow—who cannot swim—leads out a couple of limber angels, telling them not to be afraid, that he knows the ground, and talking all sorts of bold encouragement, until he suddenly disappears in a hole—while they are wondering what struck him—and comes up looking more like a maniac than a lover.

Oh the delight of a bathing party, provided you can swim and the ladies can't.

REV. DR. COOKE.—We learn that Rev. Dr. COOKE, for more than a year past, the acceptable pastor of the Summerfield M. E Church of this city, has been re-elected to the Presidency of the Lawrence University at Appleton, in this State. He has not, however, as yet signified his acceptance of the position. Should he do so, it is thought that Rev. B. F. CRARY, D. D., now President of the Hamline University, at Red Wing, Minnesota, will supply the pulpit at Summerfield, until the next annual conference, which meets at Janesville in September next. Dr. CRARY is said to be a fine scholar and an exceedingly popular preacher.

THE DRY GOODS STORE that but recently flourished on the corner of Wisconsin and Main streets, seems to be closed. We say "seems to be," for the thing was done so suddenly that people hadn't time to realize it. Whether the story is true that one of the partners sold out while the other was at dinner, we will not say. One thing we do know, the fascinating hoop skirts that were wont to swing in the breeze thereabouts, have given place to speculative loungers, and the kid gloves and laces in the windows have been eclipsed by the most opaque of shutters. If there is a tale inside, we wish somebody would unfold it.

THE CIRCUS.—The ANTONIO BROTHERS' Circus which will exhibit here to-morrow, is one of the oldest and best in the country.—The company is large and the stud of horses very valuable.

Mr. SHOWLES—the Fire King, performs his startling feats on the *corde volante* completely enveloped by fire, an exhibition we believe never attempted here before.

THE FREE CHURCH of the Atonement on the corner of Jefferson and Michigan streets, is now being enlarged to accommodate the congregation. To aid in defraying the necessary improvement, a Tea Party and Festival will be held this Monday evening at SIVYER'S Hall, on Main street. Admission tickets to the supper and festival 50 cents Children 25 cents.

A YOUNG GENTLEMAN of considerable talent at ball-playing, recently received a love-tap between the eyes, which gave him the appearance of a badly constructed cocked hat. The ball—which by the way must have appeared grander to him than the Japanese ball—was thrown by a very skilful player—at all events it was the throw that "done Brown."

We would suggest poultices, whitewash, a mask—anything that is convenient.

THE FOURTH.—That great and good man, the Fourth of July, will positively be in town next week. Preparations of the most extensive and expensive kind have been made to receive him. The committee of reception have worked nobly, and a day of unexampled noise and an evening of surpassing brilliancy may confidently be expected.

WE UNDERSTAND that a vote was taken on Saturday at one of our Hotels, among the boarders, upon their choice for President, with the following result:

Lincoln	31
Brickinridge	9
Douglas	5
Bell	2

REMEMBER the Tea party and Festival in aid of the fund for building and enlarging "the Free Church of the Atonement"—to be held on Monday evening, at SIVYER'S Hall Admission to the Supper and Festival, 50 cts., Children 25 cts. To the Festival and amusements in the Upper Hall 10 cts.

TALL RYE.—Mr. SACKETT, of Wauwatosa brought us in on Saturday a specimen of rye taken from a field of six acres. The specimen stands eight feet high only. We should like to see a body coming through that rye.

THE BOBOLINK MINSTREL OR REPUBLICAN SONGSTER, is the name of another little book of Campaign Songs sent us to be noticed. It is Edited by GEO. W. BUNGAY, and printed by O. HUTCHINSON, New York.

Campaign songs never attain to a very high degree of poetic excellence—in truth the great mass of them are mere twaddle and nonsense as regards sentiment, and anything but musical as regards measure.

We select the following from the Bobolink not as the best, but because—well, because it struck our fancy at the moment.

POOR LITTLE DOUG.

A NEW NIGGER SONG TO AN OLD NIGGER TUNE.

Air—"Uncle Ned."

Dere was a little man and his name was Stevy Doug,
To de White House he longed for to go;
But he hadn't any votes fru de whole of de Souf,
In the place where de votes ought to grow.
So it aint no use for to blow—
Dat little game of brag won't go;
He can't get de vote 'case the tail ob de coat
Is hung just a little too low.

His legs dey war short, but his speeches dey war long,
And nuffin but his sef could he see;
His principles was weak, but his spirits dey was strong,
For a thirsty little soul was he.
So it aint no use for to blow, etc.

He couldn't sleep 'o nights for de nigger in de fence,
So his health it began for to fail;
And he suffered bery much from de 'fects ob a ride
Dat he got on a Lincoln rail.
So it aint no use for to blow, etc.

He shivered and he shook in de cold Norf blast,
And de wind from de Souf dat blew;
But the Locofoco ship hove him overboard at last,
So his friends had to all heave to.
So it aint no use for to blow, etc.

GUNNER SPARE THAT WREN.—The little wrens are numerous this year in the suburbs of the city, and so far as our own observation extends, they are very tame and confiding also. We beg naughty boys and foolish men not to indulge their destructive propensities upon them. They are pleasant and cheerful companions as we sit in our gardens, and they do a vast amount of good. They are among the most useful birds we have, and have no bad habits as a drawback. A pair of them destroys an incredible number of insects. An observant writer says of a nest of them:

"These were complete scavengers for all the yards and gardens in the vicinity. They seemed to have cleared out all the vermin wherever they assumed their jurisdiction. I can say that many baskets of bugs, worms, moths, and food of this kind were carried up into the nest during the three hatchings of the young wrens. In the United States there are probably four millions of families who, for a trifle could erect houses for these and other birds on their premises and in their gardens. If done, how many millions of baskets of vermin would be destroyed; the caterpillar and canker worm would disappear in a few years. Wrens are an agreeable family of songsters working about a dwelling, who would be so cruel as to annoy them?"

A DREADFUL POSSIBILITY.—A correspondent of the Montreal *Gazette,* who seems to speak from authority, intimates that it is probable the PRINCE OF WALES will extend his Provincial tour as far as Red River to "hunt Buffalo."

Now, this would in all probability bring his Highness somewhere in the vicinity of—keep cool—Milwaukee!

As the Western people have been denied the privilege of making asses of themselves for the benefit of the Japanese, who shall say that we do not deserve the presence of a civilized white Prince. Let CALEB WALL hold himself in readiness.

MUNICIPAL COURT, June, 30.—Peter Tempkins and John Potts, arrested last night by Policeman Crickey and Duffy, for stealing some pig iron from Blanchard & Co., fined $10 and costs each. Sent to jail in default.

Rosa Burns, disorderly. Fined $1 and costs. Paid.

John Raywood, assault and battery. Fined $2 and Costs. Paid.

John Bresler, Carl Bresler and Ferdinand Wigner, assault and battery. Settled on payment and costs.

THE weather changed very suddenly on Saturday evening. From 6 until 9 o'clock, it grew very cool, and late in the evening shawls were not uncomfortable. A storm of great magnitude was raging somewheres.

COME TO TOWN.—All the railroads leading out of the city will carry passengers on the Fourth for half fare. There will undoubtedly be a great rush to see the balloon ascension.

CALEB WALL has various new advertisements this morning. The attention of the public is called to them.

NOTICE.—A quarterly meeting of the St George's Society will be held at their room on Monday evening at the usual hour.

Presidential Election!
THE GREAT CAMPAIGN
OF 1860 OPEN!!

Let Every Republican Prepare for the Conflict!!

Circulate Truth among the People!!

THE WEEKLY SENTINEL

Six Months for Less than Cost of Paper and Printing!!!

READ AND BE CONVINCED!

The present campaign is to be a memorable one. The battle will be fought zealously between the friends and the enemies of Freedom, and the ground contested inch by inch. In view of these facts, it is apparent that the dissemination of Republican papers and documents becomes of vast and vital importance. In order to furnish the WEEKLY SENTINEL to the people of the North-West, during the Campaign of 1860, we have concluded to offer the paper, FROM THE 1ST OF JUNE TO THE 1ST OF DECEMBER, at the following unprecedented liberal terms:

One Copy for	$0 50
Twenty Copies, (to one address)	$9 00
Fifty " " "	$20 00
One Hundred do " "	$35 00

These terms will barely cover the cost of paper before it is printed; but we have determined to put the price so low that every individual Republican, or organized Club, in this or adjoining States, will use their best endeavors to scatter the SENTINEL broadcast in their particular localities, and thus accomplish more than by the circulation of *ten times* as many documents in any other form. Every Campaign subscriber will receive the full returns of the election in November.

We need not urge upon our Republican friends the importance of placing this sheet in the hands of all. Let no voter, or family in the State, be without the SENTINEL during the Campaign. Wheresoever *facts* are read and the people have access to *truth,* Republicanism prevails.

Send in your orders as early as possible.

NEW SUMMER RESORT!
MONTGOMERY COTTAGE!
Wisconsin Street, Near the Lake.

MR. MONTGOMERY HAS FITTED UP the above place for the benefit of parties visiting the Lake. This has long been needed, and visitors can now be provided with Cooling Drinks, Choice Viands, Ice Cream, Good Cigars, and

Montgomery's Foaming Root Beer.

This Summer Drink is made from the choicest roots, carefully selected by experienced parties.

IT IS NOT STIMULATING,

And is a beautiful tonic—just the thing for family use, and no family should be without it during the warm weather. Many are the drinks concocted to conquer thirst, but none so beneficent to health as those manufactured solely from roots. Liquors are too heating, Soda Water unhealthy, Root Beer is healthy, cools the parched tongue, and goes to the right spot. Try a dozen. Orders can be left at Murison's, Young's Block, or at

MONTGOMERY COTTAGE,

A CHANCE FOR PRINTERS!
Chattel Mortgage Sale.

DEFAULT HAVING BEEN MADE IN the payment of principal and interest due on a certain chattel mortgage executed on the 18th day of June, A. D. 1859, by Ernest F. Hertzburg to Herman Schwarting on all the presses, type, printing materials, cases, stands paper and all other articles belonging to the printing office then called the *Gradaus* but more recently known as the *Daily Volksblatt,* in the city of Milwaukee, which said mortgage was duly filed in the office of the clerk of the city of Milwaukee, on the 18th day of June, A. D. 1859, at half-past seven o'clock P. M. of that day, and which said mortgage with the note accompanying the same was duly sold and assigned by the said Herman Schwarting to Don A. J. Upham, on the 24th day of October, A. D. 1859, and on which said mortgage there is now claimed to be due the sum of fifteen hundred and fifty dollars with interest on the same at ten per cent per annum from the 18th day of June A. D. 1859. Now therefore by virtue of said chattel mortgage and the power of sale therein contained and the authority given me in the premises by said Upham the assignee of said Schwarting and owner of said mortgage, I have taken possession of said mortgaged property and will sell the same at public auction, on Thursday, the 12th day of July next, at ten o'clock A. My SPECTACLES are celebrated for the superior and high optic nature of the glasses, as well as NEATNESS and ELEGANCE of finish, for which they received at the World's Fairs, both Paris and London, the first premiums, (viz: Gold Medals), being the best specimens on exhibition. The Vote that Nominated Douglas.

As a matter of future reference, as well as for the present information of our readers, we give the official result of the second and final vote for Douglas in the Baltimore Convention:

	Douglas.	Breckinridge.	Guthrie.
Maine	7	—	—
New Hampshire	5	—	—
Vermont	5	—	—
Massachusetts	10	—	—
Rhode Island	4	—	—
Connecticut	3½	½	—
New York	35	—	—
New Jersey	2½	—	—
Pennsylvania	10	7	2½
Maryland	2½	—	—
Virginia	3	—	—
North Carolina	1	—	—
Alabama	9	—	—
Louisiana	6	—	—
Arkansas	1½	—	—
Missouri	4½	—	1½
Tennessee	3	—	—
Kentucky	[illegible]	—	1½
Ohio	23	—	—
Indiana	13	—	—
Illinois	11	—	—
Michigan	6	—	—
Wisconsin	5	—	—
Iowa	4	—	—
Minnesota	4	—	—
	181½	7½	5½

It will be seen that there were only 194 1-2 votes cast altogether, or nine less than the number the same Convention had declared should be necessary for a choice. Of these Douglas received twenty-two less than the required two-thirds. There were 108 1-2 delegates absent, even after the fifteen bogus delegates from Alabama and Louisiana had been admitted. Deducting these would leave only 189 1-2 regular, legal delegates present, or 123 less than a full Convention. Of the free State delegations, 3 from Maine, 3 from Massachusetts, 2 1-2 from Connecticut, 4 1-2 from New Jersey, and 17 from New York—30 in all—had seceded. Immediately upon this vote being made known, a motion was made and carried that Douglas be declared the Democratic candidate for President. How much moral force a nomination which was made in violation of long established Democratic usage, and by the aid of palpable fraud, will carry with it, the cold reception everywhere given it very clearly indicates.

Up—Down.

The Milwaukee Sentinel, on the 18th of May, hoisted the flag of Lincoln. It now hauls it down. Straws show.—*Cleveland Plaindealer, yesterday.*

Humbug! The Milwaukee Sentinel of yesterday is on our table, the Lincoln flag waving as proudly as ever. It has never been lowered and never will be, until after election.—*Buffalo Com. Advertiser.*

When the *Plaindealer* invented that lie, it forgot that all the world was not blind. The flag is still there! and about here is considered nailed to the mast.

A New Business Firm.—As the only hope of defeating the Republicans in New York, the *Herald* proposes a "joint stock electoral ticket, in behalf of Bell, Douglas and Breckinridge," with a view to concentrating all the elements of opposition against Lincoln. Why Sam Houston and Gerrit Smith are not admitted to the proposed firm, is not stated, but we suspect that either of them could contribute nearly as much capital in votes as some of those named.

Wouldn't that be a beautiful compound? Hard Shells, Soft Shells, Irishmen and Know Nothings—Slave Code, Popular Sovereignty and Dark Lanterns! That would be a political sandwich worth looking at!—Let the "joint stock ticket" go on, by all means. Any shape you please, gentlemen, so that you come.

A Question Hard to Answer.—Mr. Douglas with his accustomed modesty recently stood up before a Washington audience and advertised himself as the only National Candidate. All the other candidates are sectional; and the only way in which the Union can be saved is to elect *him!*

To which the Pittsburgh *Gazette* makes the following pertinent rejoinder:

> If *he* is potent to save the union of the States, why did he not save the union of his own party? If his mighty arm alone can save the Republic, why did he not stretch it forth to save the Democracy from the 'pangs of dissolution?' After having rent the Democratic party in twain, he coolly asks us to confide in him as the saviour of the country! He really must excuse us. He has smashed one machine, and we cannot trust another in his hands.

The Memphis Avalanche evidently sees snakes. Speaking of Douglas it says:—"What man at all conversant with public affairs believes him sincere? What pledge, what security have we that he will not betray us, as he has already done upon another occasion? None, whatever. If you should take unconsciously to your bosom a viper, and be stung by its venomous tongue, would you warm that viper into new life? No—You would not warm this political viper into new life.

Wide Awake Demonstration at Madison.—On Tuesday evening last, the Wide Awake Club of Madison made a brilliant demonstration. The Club mustered 204 strong, duly equipped and uniformed. The marching and general appearance of the corpse were spoken of as very fine.

Speeches were made by L. P. Harvey and Attorney General Howe in the Park, and a salute of thirteen guns was fired.

The young men are forming. Let Young America "fall in," "fall in!"

Superscription of Letters.

For the Sentinel.

READ BEFORE THE NEOSHO DECEMVIRATE.

An inquiry has been started by the P. O. Department for the purpose of ascertaining why so many letters are returned to the dead letter office; and the Deputy Postmasters have been requested to express their opinions upon it, and suggest such amendations of laws as they may think proper.

At the present time letters are generally inclosed in envelopes. If you wish to lessen the number of letters which fail of reaching the person addressed, there are several things which the members of this society should notice with regard to envelopes. In buying them, always get those of good size, such as either the letter or note envelopes furnished by the Department and for sale at the Post Offices. Some people who seem never to have thought on the subject are in the habit of using very small ones. These are sometimes stamped in raised figures, or even covered with silver or tin foil, excepting a small space in the centre. It is impossible to place a Post Office stamp on the face of such without covering part of the superscription, and the stamp is not legible, and cannot be made so at all. Never select such envelopes, but only those with a plain surface. You will then have room for the superscription and for your stamp if it is not a stamped envelope, and the Postmaster will have room for the office stamp without defacing your writing. If you have written in the proper place, you will have room for the stamp where it belongs, on the upper right hand corner.

There are some people who are so ill-bred as even to use envelopes with caricatures, comic pictures and poetry scattered over most of the face of the envelope. I do not suppose any member of the Decemvirate ever displayed so vulgar a taste, and I only mention the fact for your derision of the practice.

If it is convenient, superscribe your envelope before placing the letter within it, as it will be more even than afterwards.

Write the name as near the middle as you can, and have the beginning and ending equally near to the respective ends.

In a line below and slightly to the right, write the name of the post office, but never attach "Po." to it, as that will be understood. If you know the name of the county, it may assist the Postmaster to place it on the letter. Write it in full on a line below the name of the office, and use the abbreviation Co. for county, always using a capital C. Never abbreviate the name of the county.—This is constantly practiced, to the annoyance of postmasters and the delay of letters. But there is no acknowledged abbreviation of counties. Letters in this State are being constantly directed to Wa. county. This may be for Waukesha, Washington, Waupacca, Waushara or others. Write the county in full, or not at all. Abbreviate the name of the State, if you prefer to do so, for each State has a known abbreviation. Be sure you do it correctly. Do not write "Mis." for Missouri, for the proper one is Mo., and letters are constantly sent to this State which belong in Missouri, because Mis. is supposed to be Wis. when carelessly written. Our humble village of Neosha receives, almost weekly, packages belonging to Neosho, Missouri.

It may be best to use the abbreviation of a State, if within it there is a Postoffice of the same name. Thus it is, perhaps, preferable to use N. Y. for the State of New York, or some careless clerk in a distributing office, may send your epistle to the great metropolis. The name of the State, or its initials, should be below the name of the county, and nearer the right hand corner.

In writing to a gentleman never give him but *one title.* If you write Mr., leave off Esq. If you write Hon. John F. Potter, or Hon. C. H. Larrabee, do not add M. C. In this Republican country a superfluity of titles is in bad taste.

A package was once sent from a member of Assembly, at Madison, to Neosho, directed to "Mr. Dr.———, Esq." I presume the next time the writer is a member of our Legislature he will be more particular in his profusion of titles. If you do not know the given name of a clergyman it may be allowable to say Rev. Mr.———, but not otherwise.

There is one other habit which, to say the least, is objectionable. Some writers always put "in haste" on their letters. We might almost suppose they thought the postmaster would send them before the mail, or that the post-boy hurried his horse on account of it. You may rest assured the engineer will not put on any more steam for those words being on your letter.

The name of the writer is often put on a letter. Unless this is done for the purpose of having it returned if not called for, it is a vulgar ostentation. Gentlemen and ladies of the first society, write no more upon their envelopes than a necessary direction. They do not superscribe facing one corner, or use love poetry or comic illustrations to attract attention. You may take it as a general rule, that anything unnecessary on a letter lessens the probability of its safe arrival.

I have already trespassed on the time of the meeting. With your further indulgence, I will refer to one thing more and close. The scenting of letters with perfume is common. There is a class that use such things in profusion, as every post office clerk can testify. If you will permit me, I will express the opinion that gentlemen and ladies of good education, seldom intentionally perfume their letters, and that those of the most refinement never do it.

Asthma.

Correspondence of the Sentinel.

New York, June 27, 1860.

Editor of the Sentinel—Dear Sir:—During my recent visit to your city, I was frequently applied to for advice on what was termed *Asthma.*

Now, it is a very common error to regard every disease attended with difficult breathing, as Asthma; for there are several forms of disease, not only of the lungs, but of other organs, such as the heart, stomach and liver, of which oppression or shortness of breath, are occasional or constant, and sometimes prominent symptoms.

True Asthma manifests itself in successive paroxysms—*fits*, as they are popularly called. These come on suddenly—usually present a regular series of phenomena, of which laborious breathing is the most prominent. They last for a few hours, and passing off with free expectorations, leave the patient as comfortable as before the attack.

The *approach* of Asthma is known, by those who have had an attack, by a *feeling of languor* about the stomach, with a sense of *tightness* or *constriction* around the lower part of the chest. Some have headache and dryness of the nostrils towards evening, a greatly increased flow of saliva, or a sense of chillness and general discomfort.

The attack may come on at any time, but usually manifests itself towards evening—not unfrequently awakening the sufferer from sleep. *During the paroxysm*, the sufferings of the Asthmatic are frequently very intense, and must be witnessed to be fully appreciated. If you have ever run up a long hill with a rapidity beyond your strength, as you stood at the top, with your hand pressed over the heart, panting and gasping for breath, you may at such a time have found a faint idea of the agony, which for hours and often for days, the poor asthmatic suffers.

It is a merciful provision for the sufferer that the pangs of the present are lightened by the hope and confidence that nature will soon bring relief. After a longer or shorter period of time—the tightness at the bottom of the chest relaxes—breathing becomes more easy—expectoration comes on freely—all the other distressing sensations and symptoms abate—and exhausted by the violent efforts which have been made to sustain respiration, the victim falls asleep and the attack is over.

There are different forms of the disease, and these are dependent upon various structural conditions, or functional disturbances which precede, or accompany the development of the malady. Space will not permit me to enter into a full detail of these; I can only briefly enumerate them here, but I shall be happy to supply any one who wishes to investigate the subject further, with a small pamphlet on the nature and treatment of the disease.

The *varieties* of Asthma then, are—*Nervous Asthma, Hay Asthma*, (commonly known as Hay-Fever and Rose-Cold), *Dry Asthma, Humoral* or Moist Asthma, and *Emphysema.*

I have given this brief outline of this distressing malady, that by comparing the characters here set forth, those who suffer from shortness of breathing, may be able to recognize the similarity or differences of their symptoms.

I would add that a very common tradition prevails that Asthma is not necessarily a fatal or dangerous disease. Alas! this is a sad mistake—for if not always fatal during or by a paroxysm—the recurrence of a series of attacks, undermines the constitutional power and lays the foundation of other grave organic diseases. While the suffering during the paroxysm is such, as not unfrequently to lead the Asthmatic to dread death less than the approach of his disease.

Your obedient servant,
Henry Melville, M. D.

CHAPTER 195.

AN ACT authorizing the redemption of lands sold under foreclosure of mortgages hereafter executed, by judgment or decree of court.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Section 1. In all cases of sales of mortgaged lands or premises under or by virtue of any judgment order or decree hereafter made or rendered upon the foreclosure of any mortgage hereafter executed, it shall be the duty of the sheriff, deputy sheriff, or other officer making such sale, within ten days after the same is made, to execute and deliver to the purchaser, a certificate of sale in writing under seal, setting forth each tract or parcel of the lands or lots so sold, the sum paid therefor, and the time when the purchaser shall be entitled to a deed of the same, unless the same shall be redeemed as hereinafter provided; and such officer shall also within the said ten days after such sale, file in the office where the mortgage was recorded, a duplicate of such certificate signed by him, and such certificate, or a copy properly certified by the register, shall be taken and deemed evidence of the facts therein contained.

Sec. 2. In all cases of sales hereafter made of lands or lots of lands under the provisions of this act, it shall be lawful for the mortgagor or his heirs, executors, administrators or assigns, whose lands or lots shall be sold as aforesaid, at any time within one year after such sale, to redeem such lands, lots and tenements, or any distinct tract or parcel thereof, separately sold, by paying to the purchaser, his executors, administrator or assigns, or the sheriff or other officer making such sale, or his successor in office, the sum of money bid therefor, and for which the same was sold, together with interest on such purchase money at the rate of ten per cent. per annum, from the date of such sale, and such payment being made, the said sale and certificate thereon granted, shall become null and void, anything contained in any law to the contrary notwithstanding; and the bail of the said sheriff or other officer, shall be responsible for the full and faithful payment to the purchaser aforesaid, or his legal representatives, of all money received by such sheriff or deputy, or other officer as aforesaid, and upon payment of the purchase money, with interest as aforesaid, the said sheriff, deputy or other officer, shall execute and deliver to the proper person, so redeeming as aforesaid, a certificate under seal of the fact of such redemption, which shall operate as a full and complete discharge of the mortgage and of all the rights, title and interest acquired by the purchaser at such sale, and shall vest the title of the lands and property so redeemed in the person lawfully entitled to the same; *Provided*, that in every case of such sale, the mortgagor of such lots or lands, or his assigns, may retain full possession of the mortgaged premises in trust for the mortgagee or purchaser, until the title shall absolutely vest in the purchaser according to the provisions of this act.

Sec. 3. If at any time after the expiration of the said term of one year from the time of the sale of such premises, it shall appear that no person authorized so to do has redeemed the same, or any portion thereof, as provided in this act, it shall then become the duty of the sheriff, or deputy sheriff or other officer making such sale, or his successor in office, to execute and deliver to the purchaser at such sale, deeds of the lands or lots of land so sold, which shall vest in the said purchaser the same estate, and shall be as valid as if the same were executed by the mortgagor and mortgagee to the same person, and shall constitute an entire bar against all parties to such action in which the order or decree for such sale was made, and against their heirs respectively, and all persons claiming under them.

Sec 4. Any person who may have or hold a subsequent mortgage or other incumbrance on the premises sold or any separate lot or parcel thereof, shall be entitled to the same privileges of the redemption of the mortgaged premises that the mortgagor or his legal representatives might have had, or of satisfying the prior mortgage, and shall, by such satisfaction, acquire all the benefits to which such prior mortgage was, or might have been entitled.

Sec. 5. In all cases of foreclosure of mortgages by the judgment, decree, or order of any court, such judgment, order or decree, shall direct and require the mortgaged premises to be sold, and the equity of redemption shall not be foreclosed without such sale, except by consent of parties, in open court.

Sec. 6. The provisions of chapter one hundred and thirteen of the general laws of 1858, entitled "an act relating to the foreclosure of mortgages, and the sale of lands under such foreclosure," shall not apply to the foreclosure of mortgages executed after the passage of this act.

Sec. 7. All acts and parts of acts contravening the provisions of this act, are hereby repealed.

Sec 8. This act shall be published immediately, and shall take effect and be in force from and after its publication.

Approved March 19, 1859.

Change in the Falls of St. Anthony.—This celebrated natural curiosity of the Upper Mississippi has undergone a great change within a few years. Four or five years ago, the St. Anthony *Express* says, the Falls extended on a slight curve from Rogers, Stimpson & Kent's (now Farnham's) saw mill, to a point about midway between the old "Government Mill" and where the Falls now are, upon the Minneapolis side.—Huge and mighty jams of logs then protected them in a great measure from the ravages of the water, but the tremendous flood of a year ago this spring, swept these away, and the rock began to break off anew and with greater rapidity than had ever been before known by the oldest settlers. In the middle of the river the Falls must have receded near or quite 250 feet during the spring of 1859, and, this spring, it is our opinion they have gone back nearly 150 feet further. The head of Godfrey's Island, near the St. Anthony side, where stood a single mill, partly upon the Island, and partly upon the brink of the Falls, until the spring of 1859, is now full 150 feet below the plunge of the cataract. Turning the large body of water by the dams upon the St. Anthony and Minneapolis side into the middle of the river, has greatly accelerated the backward movement of these Falls, and in a few years cannot fail to destroy them entirely, leaving but a long reach of roiling, tumbling rapids behind.

Late information from Nova Scotia represents the inhabitants of that part of the coast near which the *Hungarian* was wrecked, as abounding in dry goods of all kinds procured from the wreck. One person disposed of 175 pairs of kid gloves for a piece of bogus jewelry worth perhaps half a dollar, and a deacon of the Baptist Church who had secured a large quantity of silks, velvets and vestings, after a long struggle with his conscience as to his right to them, finally concluded to sell them, as Providence had clearly thrown them in his way. It is pleasant to find such scruples among such men, and not at all surprising to find them all resolved in favor of retaining the goods. Their golden rule is from Hoyle—"when there's a doubt take the trick." The wreck of the ship, as she lay below the surface, was sold to two Yarmouth men for $13,000, and in about six weeks they had recovered, by diving, goods to the value of nearly $80,000.—They are still at work on her, and expect to make a fortune by their speculation.

A sporting man named George Clark was arrested in Syracuse, charged with stealing the clothes of the wife of Mr. Sturges, of Weedsport. Mrs. Sturges was *in the clothes* when stolen.—*Buffalo Republic.*

GRAND CHANCE TO SECURE A HOME upon such terms that any one who has any industry can do it. Mr. Glidden, who owns one-half of Lockwood & Glidden's Addition, has made me his agent, to sell his lots in said Addition, at unusually low prices, to any one who will improve them, and upon such terms that any one can meet the payments. It is unnecessary to go into argument to convince one who has any judgment that this property, which is situated in the First Ward, must, and will be the most desirable residence property in the city of Milwaukee. It is in full view of the Lake and on high ground which overlooks the city, and a more healthy situation cannot be found. Its location for business men is very desirable, the Horse Railroad passing through it every fifteen or twenty minutes. Much more could be said about this valuable property, but we will only say, any persons who have any desire to purchase any of said Lots, if they will call at my office they can see a map, and I will go with them and show them the Lots, and they can judge for themselves. The terms on which said Lots will be sold are as follows: Ten per cent. in twelve months; 15 per cent. in two years; and 25 per cent. every year thereafter until the amount is paid, with interest at the rate of 7 per cent. per annum, interest not to commence until six months after the date of purchase. Here is a chance never before offered, and there is every reason to believe that this property will advance 100 per cent. in less than twelve months. The great advantage of the Horse Railroad must, and will make it very desirable. The lots are free from all encumbrances whatever. Certificate of title will be furnished to any one who may purchase.

The Tiller of the Earth and of the Mind.

We envy not the princely man,
In city or in town,
Who wonders whether pumpkin vines
Run up the hill or down.
We care not for his marble halls,
Nor yet for his heaps of gold,
We would not own his sordid heart
For all his wealth thrice told.

We are the favored ones of earth,
We breathe pure air each morn,
We sow—we reap the golden grain—
We gather in the corn;
We toil—we live on what we earn,
And more than this we do,
We hear of starving millions round,
And gladly feed them, too.

The lawyer lives on princely fees,
Yet drags a weary life;
He never knows a peaceful hour—
His atmosphere is strife.
The merchant thumbs his yard-stick o'er,
Grows haggard as his toil;
He's not the man God meant him for—
Why don't he till the soil?

The doctor plods through storm and cold,
Plods at his patient's will;
When dead and gone, he plods again,
To get his lengthy bill.
The printer (bless his noble soul!),
He grasps the mighty earth,
He stamps on it our welcome sheet,
To cheer the farmer's hearth.

We sing the honor of the plough,
And honor of the press—
Two noble instruments of toil,
With each a power to bless;
The bone and nerve of this fast age,
True wealth of human kind—
One tills the ever generous earth,
The other tills the mind.

The Great Japanese Jam.

The hospitalities of the City of New York to the Japanese Embassy was brought to a close on Monday night by the grand reception ball at the Metropolitan Hotel, Niblo's Garden and Christy's Concert Room, which had been connected for the occasion. We copy from the New York *Journal of Commerce* the following description of the decorations, and scenes during the ball:

"The grand promenade connected with Christy's saloon, which was cunningly transformed into a flower garden, with real flowers and a real fountain of real cologne water, in whose odorous sprays, ladies, passing, daintily held their handkerchiefs. These attractions occupied that part of the hall usually covered by the stage. The ceilings and side walls of this capacious room were hung with festoons of real flowers, the windows were curtained with costly lace and tapestries, appropriate devices and mottoes in jets of flame gleamed through the adornments, and the whole scene was brilliant with myriad lights.

From this superb saloon, the enchanted visitor found himself wandering into the main enterance of the theatre 75 feet long and 24 wide. The avenue connected the theatre with the first floor of the hotel. The doors on Broadway were closed, and several of the columns had been removed, to make way for an unobstructed view of Delmano's great painting of the Niagara Falls, which stood at the Broadway end. It was arranged with scenic effects, lighted by blind-lights, and was one of the most charming of the decorations. A border of flowers and shrubs softly warned visitors to admire the flash and foam of the waters at a respectful distance. The vestibule approaching to the theatre, was transformed into a lane of flowers, arched with evergreens and roses. The lobby all around the theatre was similarly adorned. Flags, emblems and mottoes recurred at all points.

The two little patches of ground attached to the theatre, from which patches the name of 'Garden' is derived by a liberal poetical license, were turned into bowers of roses, in which it would not be difficult to imagine that fairies were holding 'feasts of lanterns,' since the miniature gardens were full of ladies and flowers and colored lights. In the rear of one of the gardens towards Houston street was represented, seen in well-counterfeited perspective, as if far off, an illuminated palace. These gardens, according to the 'fitness of things,' led to the supper rooms, which consisted of one large dining apartment of the Metropolitan hotel, and the ice cream saloon of the theatre. Here at 800 feet of tables, supper was supplied to all comers from ten P. M. to the close of the ball. The rooms were exquisitely decked with evergreens, flowers and flags.

But the highest efforts of the decorator, Mr. Wm. T. Beers, were reserved for the theatre. The stage and parquette were floored over, and with the dress circle, from which the seats had been removed, formed a vast arena for the dancers.

The stage was cleared back to the walls, and the entire space set with a lovely garden scene, in the midst of which rose a gorgeous Japanese pavillion, made from designs furnished by one of the Artists of the Embassy. The Stage communicated with the Japanese quarters, by a private entrance reserved for the Ambassadors. The apartment was illuminated by candelabras supported by gold statues, &c.

People commenced flocking to the hotel shortly after eight o'clock. An endless string of carriages rolled up in front, between two files of policemen, and deposited their freight of silks, laces and loveliness. At nine o'clock the jam set in dreadfully, and the entrance to the hotel, and all the stairways and passages, were packed with a perspiring crowds.

Dress soon became a matter of no consequence; A lady might have worn a morning wrapper and her dingiest pair of split gloves, and nobody would have been the wiser.—Nothing but heads were to be distinctly seen in the compressed mass, and in the frightful anxiety to squeeze through into some imagined (vainly so) place of peace beyond, nobody took the slightest notice of anybody, unless provoked to it by a personal collision.

By half-past nine o'clock not less than 15,000 people had got in, mysteriously, on 3000 tickets. Reflecting people, remembering that the ultra-fashionables had not yet got along, either fought their way back again to the floor and escaped to their homes, or shrunk into corners, or behind statues or doors.

A few intrepid individuals, determined to carry out the programmee, affected to dance in the most graceful and unconstrained style, although their heels perpetually gored the shins of their partners and of the vast public which formed a solid wall of flesh twenty feet thick all about them.

The Ambassadors, and some of the chief officers sat in a stiff row on the stage, under the splendid canopy, looking in the dim distance like a full bench of the Court of Appeals. They surveyed the strange scene with that composure which no human event seems capable of ruffling. Inferior Japanese officers moved about among the crowd as freely as they could, and were everywhere the objects of great interest.

Supper at ten o'clock would have been a delightful event, but for the almost insurmountable difficulty of getting at it. Though everybody protested that they didn't care a jot for the supper, everybody took prodigous pains to secure some of it. It was at this crisis that the jam became of so dense a character, that people began to feel that they were blending together like putty, and were grateful to find that they did not stick permanently together with their neighbors, when they reached a little elbow room.

All classes of people, from the highest to those pretty far down in social ranks, were represented. The military officers turned out in great numbers.

The success of the 'Reception' would have been complete had only one third as many tickets been issued.

It is estimated that at least fifteen thousand persons were present during the evening.

A HORSE STUNG TO DEATH.—An occurrence of a very remarkable character took place at the residence of William B. Dorsey, Esq., in Urbana district, on the 8th instant. It appears that the Rev. John P. Hall, of the Frederick circuit of the Methodist Episcopal Church, called at Mr. Dorsey's, and learned that he was on another part of the farm, dismounted, hitched his horse to the fence, and started on foot to find Mr. Dorsey. On the inside of the fence, where his horse was hitched, was a stand of bee-hives, and during Mr. Hall's absence the bees attacked the horse furiously. Unfortunately the head halter was new and strong, and the efforts of the tortured animal to disengage himself were fruitless. At length, a servant boy, veiled and gloved, was sent with a knife to cut the hitching strap, but when he came to the rescue, he found the horse's mouth wide open and filled with bees, which literally stung him to death. Violent inflamation ensued, and the poor beast died of inflamation during the day. The horse was a valuable one, for which Mr. Hall had recently paid one hundred and fifty dollars. Sympathizing with a loss which the young clergyman is illy able to bear, a subscription was started in the neighborhood for his relief.—*Frederick (Md.) Examiner, June 16.*

THE Mississippi is now in a navigable state. The St. Louis papers say there is water enough between that city and Cairo to float a man-of-war.

HUNN & CROSBY,

No. 184 East Water St., Milwaukee,
Two doors north of Uncle Ben's Hat Store.

TAKE THIS OCCASION TO ANNOUNCE to their friends, and the public at large, that they have removed from their old quarters to their present location, for the purpose of obtaining more ample accommodations to their business, and to keep pace with the requirements of their trade. We have just made heavy additions to our stock, which makes ours the best assorted Family Grocery in town, and we intend to be in future, as we always have been in the past, the first in the market with every novelty of the season. We are receiving goods every week from the East, thereby always keeping our stock fresh and full. Everything pertaining to the trade can be found at our establishment, and we are prepared to sell at wholesale as well as retail, on as favorable terms as any concern in town. Teas, Sugars, Coffees, Dried Fruits, Hermetically Sealed Fruits, and every other article usually found in first-class family groceries, are sold by us, and always warranted as represented. We will sell you a better Tea for fifty cents, than you can buy anywhere else in town for seventy five, and as good a one for forty, as our windy cotemporaries, who make such a blow on TEAS, will or can sell for fifty. We mean what we say, and stand ready to verify it every hour in the day, and every day in the week. We make it a point never to be undersold, and want it distinctly understood that we do our business upon that principle.

Country merchants can always sort up their stock with us, to a good advantage. We will sell you goods by the package as low as any of the wholesale dealers down town.

Butter and Eggs are received by us daily, from our agents in the country.

☞ TERMS CASH.

We cordially invite our friends and customers, and the public generally, to call and see us in our new institution, and make an examination of our goods and prices. Particular attention paid to orders.

St. Nicholas Hotel,

BROADWAY,
NEW YORK.

WHEN COMPLETED, SIX YEARS ago, the St. Nicholas was universally pronounced the most magnificent, convenient, and thoroughly organized establishment of the kind on this continent. What it was then, it remains today—without a rival in sumptuousness, and in the general elements of comfort and enjoyment. The Hotel has accommodations for 1,000 guests, including 100 complete suites of apartments for families. Six hundred persons can be comfortably seated at the tables of its three public dining rooms, and nothing that modern art has devised for the convenience and social gratification of the traveling public has been omitted in its plan, or is neglected in its practical details. The early reputation of the house at home and abroad derived from its magnitude, its superb appointments, and its homelike comforts and luxuries, has been enhanced every year by the unwearied exertions of the proprietors.

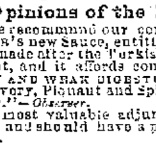
SOYER'S SULTANA'S SAUCE.

For Hot and Cold Dishes of all Kinds.



THIS MOST DELICIOUS and appetising Sauce, invented by the renowned "SOYER," for the London Reform Club, is, since his decease, manufactured by the well known house of CROSSE & BLACKWELL, London, from the original recipe. It is the favorite sauce in England and on the Continent, with a high and growing reputation among American Epicures, and is much approved of as a stimulant to the appetite and aid in digestion.

Opinions of the London Press.

"We recommend our correspondent to try MONS. SOYER's new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe; its flavor is excellent, and it affords considerable aid in cases of SLOW AND WEAK DIGESTION."—*The Lancet.*

"Savory, Piquant and Spicy, worthy the genius of Soyer."—*Observer.*

"A most valuable adjunct to Fish, Flesh and Fowl, and should have a place on every table."—*Atlas.*

SAVE YOUR CARPETS!

THE GREAT ENQUIRY HAS BEEN made for a number of years by housekeepers, What shall we put under our carpets to protect them from wear and moth? This great, valuable discovery was affected and patented April 1st, 1858, by J. R. HARRINGTON, and is called

Harrington's Patent Carpet Lining.

This article having proved its utility has now come into general use, so much so that scarcely a carpet will be put down without it, and its cheapness puts it within the reach of every family. It is warranted to add fifty per cent to the durability of Carpets. Oil Cloths and Matting. The details of its merits are too numerous to mention. It can be obtained at any of the principal Carpet Stores throughout the United States, and is manufactured only by the New York Carpet Lining Company. Also, extensive manufacturers of Mammoth Cotton Batting, and Comfortables. The best and cheapest that have ever been introduced in the market.

Office 11 Dey St.; Salesroom 110 Pearl St., New York.

Richardson's Irish Linens, Damaks,

DIAPERS, &C.—CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm, J. N. RICHARDSON, SONS & OWDEN, as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable while purchasers can be imposed on with Goods of a worthless character.

LIVER INVIGORATOR

IT IS COMPOUNDED ENTIRELY FROM GUMS, and has become an established fact, a Standard Medicine, known and approved by all that have used it, and is now resorted to with confidence in all the diseases for which it is recommended.

It has cured thousands within the last two years who had given up all hopes of relief, as the numerous unsolicited certificates in my possession show.

The dose must be adapted to the temperament of the individual taking it, and used in such quantities as to act gently on the Bowels.

THE GREATEST

MEDICAL DISCOVERY

OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR
FROM
THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumber and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA

which is nothing but canker on the stomach; then the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

DR. CHURCHILL'S REMEDY.

WINCHESTER'S GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,
(Made from the Formula of Dr. J. F. Churchill,)
FOR THE PREVENTION AND CURE OF

CONSUMPTION!

THE SUCCESS OF THIS NEW REMEDY, (discovered by Dr. Churchill, of Paris,) is obtaining the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases.

This *Remedy* has not only a curative effect, but will, if used wherever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act, *as a preservative with regard to Consumption, just as vaccination does with regard to small-pox.*

What the Medical Profession Say.

"In no instance have I found the Remedy to fail."—*Dr. Churchill.*

"I have used your preparation of the Hypophosphites *with the most happy effect.*"—*C. Fisher, M. D. Lynville, Ill.*

"*I have been astonished in witnessing the good effects of the Hypophosphites.* The statements in your pamphlets are not at all exaggerated. My patient was just entering the last stage of tubercular consumption."—*S. Moses, M. D., Hoosic Falls, N. Y.*

"They exert an important remedial influence over the tubercular disease by *improving the nervous strength* and *invigorating the nutritive functions.*"—*Dr. W. E. Rust, Morristown, N. J.*

"I have derived more satisfaction from the use of your Hypophosphites *than from all other forms of medication combined.*"—*Dr. Geo. W. Maris, Columbus, O.*

"If, on the earliest appearance of the symptoms, the patient takes daily about ten grains of the Hypophosphites, he will speedily find himself in the enjoyment of such health as he, perhaps, had never known in his life before."

"Winchester's Hypophosphites are unexceptional in their preparation."—Am. Druggists' Circular.

"Mr. Winchester is worthy of all confidence and devotes himself enthusiastically to these preparations in all their variety of combination. Prepared strictly by Dr. Churchill's method."—D. Meredith Reese, M. D., New York.

"LOWELL, O., July 5, 1859.—I have had several cases given up by attending physicians who are now exempt from all the symptoms of pulmonary disease.—I have used the Remedy in my own case, with decided success. It was regarded as hopeless by physicians and friends, and even by myself, under the 'old treatment.' I am now able to ride, in attending the sick, as many miles, perhaps, in a day, as any other physician in the country."—*W. F. Clark, M. D.*

"The Hypophosphites are most appropriate Remedies in large class of affections resulting from loss of nervous force."—Boston Medical and Surgical Journal.

Dr. Churchill's Work on Consumption

IS NOW READY.

The Hypophosphites may be used with incurable success in Chronic Bronchitis, Asthma, Dyspepsia, and in all "Nervous" Disorders.

Make no Delay!

Consumptives, in any stage of the disease, should resort immediately to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup), in extra large bottles, is "chemically pure"; is the combination proposed by Dr. Churchill "for general use"; and is prepared according to his original Formula.

For sale, Wholesale and Retail, by HENRY FESS, Jr., Milwaukee, who is authorized to supply THE TRADE at New York prices.

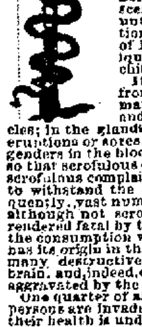
Scrofula, or King's Evil,



IS A CONSTITUTIONAL disease, a corruption of the blood, by which this blood be omes vitiated, weak and poor. Being in the circulation, it pervades the whole body, and may burst out in disease upon any part of it. No organ is free from its attacks, nor is there any one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which engenders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla

The most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility, and, indeed, all complaints arising from Vitiated or Impure Blood. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

TELEGRAPH

REPORTED BY THE N. Y. ASSOCIATED PRESS
FOR THE DAILY SENTINEL.

New York Matters.

NEW YORK, June 30—9 P. M.

Judge Douglas' letter of acceptance is published. He still reiterates the doctrine of non-intervention in strong terms.

Between 5 and 6 o'clock yesterday P. M., a violent squall passed over South Brooklyn, causing a terrible accident at the Academy of Music, in process of erection in that city. At the time the squall was at its height, twenty-five workmen were engaged in putting up the roof of the edifice, when a gust of wind entirely demolished the roof of the building. Six of the workmen were injured, two of them so seriously that they are not expected to recover. The damage to the building is estimated at about $10,000.

Luther B. Wyman, one of the stockholders, who was inspecting the building at the time of the accident, J. C. Simpson, master-rigger, Mr. Clevell, stone mason, J. Kennedy, laborer, J. Moren, mason, and Chas Barlow, his apprentice are among the injured.

The Mozart Hall democracy held a meeting last evening, and adopted a series of resolutions deploring the division in the ranks of the democracy, and recommending the nomination of a joint electoral ticket in the State of New York, to be supported by the united democracy, and if such a union cannot be effected to support Judge Douglas for the Presidency.

The Adriatic was signalled.

The Anglo Saxon was signalled below Farther Point.

Struck by Lightning.

BOSTON, June 30—3 P. M.

The lightning struck the house of Nathan Goodenough, in Brighton, killing Mr. Goodenough and his son, and seriously injuring Mrs. Goodenough.

The force of the gale was terrific, uprooting large trees, demolishing chimneys, awnings, and doing other damage. Many sailing boats in the harbor were upset, and there are reports that several lives were lost, but these reports are not confirmed, though there were many narrow escapes.

Breckinridge Demonstration.

OSWEGO, June 29.

The National Democracy of this city are firing 100 guns in honor of the nomination of Breckinridge and Lane. Many of the most influential Democrats in the city, and all the government officers join in the celebrations. The demonstration is unexpectedly large and enthusiastic.

SATURDAY, P. M., June 30th, 1860.

Our city banks make their semi-annual statements on Monday next, in accordance with the requirements of the law, and on that account they have been rather more sparing than usual of their discount favors. Otherwise the money market has presented no new feature during the past week.

Exchange on the East has been in fair supply, and the rates steady, buying at 1¼ and selling at 1½ premium. The grain business has been quiet, and offerings of produce bills trifling, so that no serious inconvenience has been suffered from the temporary suspension of bank discounts. We are now approaching the dull season, but still we find our wholesale merchants all pretty busy, and as a whole the general jobbing trade of the city is more active than either of the two preceding years at this date.

Our bankers quote gold, buying at 1@1¼, selling at 1½ prem. The following specie list is from the circular of Messrs PRICE, FARMER & Co.:

CHICAGO MARKET, JUNE 29TH.—Receipts of the articles named, at Chicago, yesterday, were as follows:

Flour, bbls	1,972
Wheat, bus	12,458
Corn, bus	147,754
Oats, bus	2,003
Barley, bus	12

In reference to the market the *Press & Tribune* says:

The receipts of corn to-day were again large, amounting to 147,751 bus, and the shipments to 130,906 bus.—The market opened quiet, but there was considerable activity before the close, and under the influence of dull news from New York, prices were about ½c lower. About 160,000 bus of all grades changed hands, at 49½@48½ for Canal afloat; 47@47½ for No. 1; 46@46½c for No. 2; and 43c for Rejected—buyers at the close paying 47½c for No. 1. Wheat was in better demand, and an advance of 1c was gained, at which a considerable quantity changed hands—the market closing, however, rather dull and neglected. About 45,000 bus were sold at $1,07@1,08 for No. 1 Spring; $1,06@1,06½ for No. 2 Spring; and 72c for Rejected. Flour was dull and sales limited at 4,35@5 for Spring extras. Oats dull, with limited sales at 27c in store. Rye and Barley were neglected. Highwines, 18½c. The receipts of Wool were heavier, and the market more active. A lot of about 6,000 was sold by Wright & Beebe at a range of 40@44½c—the highest price paid this season. Hides quiet.

Vessels continue scarce, and freights remain firm.—Two sail vessels were engaged at 5½c for wheat to Buffalo, and one propeller at 5½c for corn and 6c for wheat to Buffalo.

OFFICE OF THE DAILY SENTINEL,
Saturday, P. M., June 30th.

We have had light receipts and a quiet produce market during the past week—a state of things we may now expect until after the new crops begin to move. Our advices in regard to harvest prospects are favorable from all sections of the State, and the general impression is that the wheat crop will be ready for the reaper at least two weeks earlier than last year. This with the present indications of an abundant yield, tends somewhat to depress the market, and the only stimulant that keeps up prices is the expectation of a liberal foreign demand. In the early part of the week prices of wheat went up 3@4c under the influence of news of an advance in European markets, but subsequent advices more favorable for the crops abroad, caused a reaction, and the market closes dull and unsettled, dealers looking anxiously for the arrival of the next steamer, now fully due. The closing prices of wheat in our market for each week this year will be found in the following statement:

Flour has been extremely dull, and a material concession from the prices ruling last week would be necessary in order to realize. Buyers will not talk of more than $5,00 for the best country Spring Extras.—The heavy falling off in receipts of this article is owing in part, at least, to the fact that a great many of our millers are taking advantage of the opportunity which the present unsettled state of the market affords them to trim up their machinery preparatory to the fall business.

RAILWAY MATTERS.

MILWAUKEE AND MISSISSIPPI RAILROAD.

We learn by a circular from WM. JERVIS, General Supt., that the following appointments have been made on this Road, to take effect July 1st:

MR. WILLIAM L. DANA, Master of Transportation.

MR. EDWARD P. BACON, General Ticket Agent.

The general freight business of the road will hereafter be in charge of the former; and the general passenger business in charge of the latter. All communications relating to these departments will be addressed to them respectively. Mr. DANA will continue in charge of the Milwaukee Station, as heretofore. All reports, relating to either department, will be addressed to Mr. BACON, who will have charge of the accounts of both departments.

The above gentlemen are both old employees of the Road, in different capacities, and they are thoroughly familiar with all the details of its management. They are young men of fine business talent, and they will doubtless prove more useful than ever to the Company in their enlarged sphere of duty.

Auction Sales.

City Auction Room and Land Office.

I AM NOW REMOVED TO THE STORE No. 153 East Water street. It is directly opposite to Mitchell's Bank. I think I have now one of the best stands for auction business in our city. All who have any business in my line will please give me a call. CALEB WALL.

The firm of OGDEN & WALL is dissolved. I will at present occupy the same office for real estate purposes, and attend to all business, such as obtaining loans, selling mortgages, and renting houses. Insurances can be obtained in first class Eastern Companies at current rates. In the course of two weeks I intend to make my annual report of the improvements which are now going on in the various Wards of our city. The impression with some is that no improvements are going on, which is a mistake: Milwaukee city is yet alive and going ahead, and will continue to do so. Never was there such an opportunity for capitalists to invest money, as now offers. One thing I would request: all who have made contracts for buildings will please inform me, so that I can report the same. CALEB WALL,
City Land Agent.
